Resolution 2009-0710

OGLE COUNTY COURTHOUSE CANNON REFURBISHING

WHEREAS, The Ogle County Administrator, Meggon McKinley, met with Boy Scout Danny Daniels:

WHEREAS, Boy Scout Danny Daniels is willing to accept the following proposed project as his Eagle Scout Project:

1. Research & report back on other similar historic cannon refurbishing projects to become familiar with the process and identify helpful tips for long term refurbishing success (e.g., proper rust removal techniques that won't destroy the metal, etc.)

2. Need to have a professional assessment of paint on cannon to determine if lead paint is present

3. Provide County Administrator with project plan, timeline, expected process, supplies needed, team you'll assemble & supervise, expected start and end dates

4. Refurbish cannons prior to winter through the following likely process
   - Remove rust on 2 Cannons in courtyard, with coal slag beads
   - Apply epoxy primer to entire surfaces
   - Caulk with polyurethane concrete caulk where concrete & iron meet
   - Also caulk around 1 upper seam where water can accumulate between iron seam
   - Apply 2 coats black flat satin or gloss (sheen to be chosen)

NOW, THEREFORE, BE IT RESOLVED; that the Ogle County Board accepts and appreciates the Ogle County Boy Scout for taking on the refurbishing of the cannons on the east side of the courthouse as an Eagle Scout Project, with the County Administrator and the Maintenance Department overseeing the project.

Presented and Adopted by the Ogle County Board on July 21, 2009.
