Time Frame: July 1, 2009 - June 30, 2010

Background: Ogle County entered into a delegation agreement with the Agency on July 3, 1990 (the Agency's tenth oldest program) and has had a local solid waste enforcement grant since that time. The delegation agreement will not expire until June 30, 2010. The county is supported by Illinois EPA's Rockford field office to implement their program. Steve Rypkema received his certification in 1991. Joy Bliton became a certified inspector on January 20, 1999. Both are half-time on this grant.

Tasks: Conduct inspections at four landfills (two operating and two closed), investigate citizen complaints and other enforcement grant activities as approved by the Agency. The county does excellent work under this program on our Agency's behalf.
