Veterinary Clinic where dog was vaccinated _____

ANIMAL / PET OWNER INFORMATION:

Name _____ Address _____

City _____ ST _____ Zip _____

Phone Number _____

The animal/pet owner is to confine animal/pet at home for 10 days unless otherwise notified. If a dog is unvaccinated, or if the animal/pet has bitten the victim in the head or face, the animal/pet must be confined at a veterinary clinic rather than at home (unless otherwise instructed by the Ogle County Animal Control Office). The animal/pet owner will receive a copy of an animal bite report and the report is to be signed by a veterinarian upon examination after the 10 day holding period.
