

## **ONE YEAR PLAN**

**December 1, 2014 thru November 30, 2015**

The following are the goals of the Ogle County Community Mental Health (708) Board for the Fiscal Year of 2015

1. Review and revise funding application and mid-year report if needed;
2. Identify and address the needs of Ogle County residents who experience mental health issues, have a developmental disability, are substance abusers or who require psychological counseling (collectively, "708 Concerns") through:

Public hearings, education and advocacy

3. Encourage active participation of local and county officials, agencies involved with the delivery of services and other individual's familiar with 708 Concerns;
4. Promote greater public and County Board awareness of issues concerning the 708 Board; and
5. Remain open to additional needs in the county and develop educational tools to inform the general population as needed.
