     The aerial was flown on April 16th and 17th. Due to problems with the ground control points the project is about 1 ½ months behind schedule. Delivery for the first set of aerials will be mid-September. We received a sample of our aerials. The aerials show the Ogle County Courthouse and Judicial Center.

2) Beacon Website

The website has been running with very few problems. The website subscriptions are at the breakeven point.
