The applicants are requesting a Special Use Permit in the AG-1 Agricultural District to allow a single-family dwelling for the daughter of the farm owner on part of Parcel Identification No. 18-20-200-004, a 5.0-acre parcel located in part of the NE 1/4 SE 1/4 Section 20 White Rock Township 41N, R1E of the 3rd P.M., Ogle County, IL, and located in White Rock Township in the 10000 Block of E. SITE INFORMATION: See Staff Report (attached herewith).

ANALYSIS OF SIX STANDARDS: After considering all the evidence and testimony presented at the public hearing, this Board makes the following analysis of the six standards listed in Section 16-9-8C (Standards for Special Use Permits) of the *Ogle County Amendatory Zoning Ordinance* that must all be found in the affirmative prior to recommending granting of the petition.

1. That the proposed special use will not be unreasonably detrimental to the value of other property in the neighborhood in which it is to be located or the public health, safety, morals, comfort or general welfare at large. **The proposed special use will not be unreasonably detrimental to the value of other property in the neighborhood in which it is to be located or the public health, safety, morals, comfort or general welfare at large due to the nature of the use (being a dwelling for the daughter of the farm owner), and the proximity of the parcel to the existing farm buildings and on-farm dwelling. STANDARD MET.**
2. That the location and size of the special use, the nature and intensity of the operation involved in or conducted in connection with it, and the location of the site with respect to streets giving access to it are such that the special use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the applicable zoning district regulations. In determining whether the special use will so dominate the immediate neighborhood, consideration shall be given to:
 - a. The location, nature and height of building, structures, walls and fences on the site; and,
 - b. The nature and extent of proposed landscaping and screening on the proposed site.

The proposed special use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the AG-1 zoning district regulations, as the site is in close proximity to the existing on-farm dwelling, and will not disrupt the agricultural use of the remainder of the farm or on adjacent land. STANDARD MET.

3. That off-street parking and loading areas will be provided in accordance with the standards set forth in these regulations. **The site is large enough so that adequate off-street parking and loading areas can be provided. STANDARD MET.**
4. That adequate utilities, ingress/egress to the site, access roads, drainage and other such necessary facilities have been or will be provided. **Adequate utilities, ingress/egress to the site from E. Post Road, access roads, drainage and other such necessary facilities have been or will be provided. STANDARD MET.**
5. That the proposed use can be operated in a manner that is not detrimental to the permitted developments and uses in the zoning district; can be developed and operated in a manner that is visually compatible with the permitted uses in the surrounding area; and is deemed essential or desirable to preserve and promote the public health, safety and general welfare of Ogle County. **The proposed use of a single-family dwelling can be operated in a manner that is not detrimental to the permitted developments and uses in the AG-1 zoning district, will be visually compatible with the area, and is deemed essential and desirable. STANDARD MET.**
6. That the proposed special use complies with all provisions of the applicable district regulations. **The proposed special use appears to comply with all provisions of the AG-1 district regulations. STANDARD MET.**

RECOMMENDATION: After considering all the evidence and testimony presented, this Board finds that the application meets all the standards as found in Section 6-9-8C of the *Ogle County Amendatory Zoning Ordinance*.

Therefore, the Zoning Board of Appeals hereby recommends that a Special Use Permit in the AG-1 Agricultural District be granted to allow a single-family dwelling for the daughter of the farm owner.
