Treasurer's Annual Report

John thanks the board for giving him a few minutes this evening to present his Annual Treasurer's Report. Coffman reports this has been a busy year for the Treasurer's Office. A new Payroll and Accounting System was implemented for the county and very little information was able to be converted from the old system to the new system. Ogle County was a Beta site for a product from New World Systems and a new chart of accounts was needed to be set-up. Coffman Thanks all of the departments and County Board for being patient during this set-up process. Coffman reviews information under the Fund Balances, General Fund and Fund Statements tabs of the Treasurer's Annual Report for 2003. Coffman again thanks the County Board members for all of the support they have given his office over the past year.

ComCast Cable TV Franchise Renewal:

Deb Ellis informs the board of the ComCast Cable TV Franchise Renewal Contract which is placed on the board member's desks and apologizes for getting this information to them at such a late notice. Ellis thanks Curtis Cook and ComCast representatives for help on the renewal. Ellis presents the contract to the board. Ellis states ComCast provides cable to the rural Rochelle area which covers about 500 residents. Ellis states normally contracts are negotiated for 20 years and they have negotiated a 10-year agreement. This agreement is a 10-year agreement and it provides that the county will receive the maximum franchise fee allowable pursuant to federal law. This agreement reflects certain minor revisions requested by the county engineer in regards to activity locating and relocating lines in county right-of-way. The representatives from ComCast were thankful the process went well and appreciate Deb Ellis' help. Fred Horner asks if there are any other Franchise Agreements with other Cable Companies? Ellis states Ogle County may have three total Cable TV Companies: Insight, ComCast and Media Com. Fred Horner asks if we have Franchise Agreements with them? Ellis says yes we do and they all come due at different times. Ellis states Ogle County will receive 5% of the gross revenue and this is the highest allowed by the Federal Government. We receive the same amount from the other Franchise Agreements as well. Jerry Daws moves to accept the 10-year ComCast Cable TV Franchise Renewal Agreement as presented, Ed Rice seconds and the motion carries on a voice vote.(Placed on file)

Ron Colson refers to his memo he read earlier and this is applicable to this motion. Kim Gouker talks about the double vote issue brought up in the Colson Memo. Gouker feels it is to the best interest of the county to have County Board members on the Planning Commission. Gouker states every County Board member sits on committees and votes on issues during the committee meetings and votes again once it is brought to the board for a vote. Pat Saunders comments she thought the original intent of the Planning Commission was to get people from throughout the county and this would give us representation from outside of the County Board. This would let us know how the constituents feel about the plan and where it is going. Saunders says she understands the commission was originally designed to be made up of non-County Board members to get the outside influence. Saunders understands that a County Board member challenged this a few years ago and the Attorney General does not find a conflict of interest, but this could be a board policy. Saunders states the more information you have from outside of the board, the better we can make a decision. Lyle Hopkins comments he feels there would be a better community relationship to have more people involved. Chris Remhof states that in thinking about this, it does make good points to have the restriction of no County Board member on the Planning Commission. He also states this could also be said about the Board of Review. Chairman Gocken says according to the Planning Commission minutes, any County Board member currently on the Regional Planning Commission is to be grand-fathered in. A roll call vote is called:
