Video Game Consoles
Small Scale Servers
Scanners
Electronic Mice
Digital Converter Boxes
Cable Receivers
Satellite Receivers
Digital Video Disc Recorders

Electronics Recycling Information

Many valuable materials are used in the manufacture of electronics, including gold, silver, platinum, aluminum, copper, steel, glass and plastic. Unfortunately, most electronics are thrown out with the garbage. As of January 1, 2012, the State of Illinois is banning many electronics from landfills so that these valuable materials can be recycled.

To find how you can recycle your electronics locally contact or visit:

Ogle County Solid Waste Management Department
909 W. Pines Road
Oregon, IL 61061
815-732-4020 or visit www.oglecountysolidwaste.org
