6. A brief statement of what the proposed variation consists.

The published notice may be supplemented by such additional form of notice as the Board by rule may provide.

D. Standards for Variations:

1. The Zoning Board of Appeals shall not vary the regulations of this Ordinance, as authorized in Paragraph A. hereof, unless it shall make findings based upon the evidence presented to it in each specific case that: (05/20/03)
  - a. The plight of the owner is due to unique circumstance.
  - b. The variation, if granted, will not alter the essential character of the locality.
2. In determining whether the strict application of the Zoning Ordinance creates practical difficulties for, or imposes a particular hardship on, an applicant for a variation, the Board shall consider the extent to which the following facts have been established by the evidence:
  - a. The particular physical surroundings, shape or topographical condition of the specific property involved would result in a particular hardship upon the owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;
  - b. The conditions upon which the petition for a variation are based unique and would not be applicable, generally, to other property within the same zoning classification;
  - c. The purpose of the variation is not based exclusively upon a desire to obtain a higher financial return on the property;

3. When the variation is requested and is a variation of ten (10) percent or less of the regulations authorized as to location of structure or as to bulk requirements under such regulations, in which case no public hearing is required and such variation may be granted by the Zoning Administrator. Before such a variation may be granted, a notice of the intent to grant such variation shall be sent by certified mail to all adjoining landowners. If any adjoining landowner files a written objection with the Zoning Administration within fifteen (15) days of receipt of such notice, the variation shall only be considered by the County Board in the manner provided for in this Section.
4. The Zoning Board of Appeals may impose such conditions and restrictions upon the premises benefited by a variation as may be necessary to comply with the standards set out in this paragraph, to reduce or minimize the injurious effect of such variation upon other property in the neighborhood, and better to carry out the general intent of this Ordinance.

E. Authorized Variations:

Variations from the regulations of this Ordinance may be granted only in the following instances, and in no others, except as otherwise provided herein: (05/20/03)

1. To permit setback or yard less than the setback or yard required by this Ordinance;
2. To permit any building or structure to exceed the height limitations imposed by this Ordinance, but not more than twenty five (25) percent of the allowable height;
3. To permit the use of a lot for a use otherwise prohibited solely because of insufficient area of the lot, but in no event shall the area of the lot be less than eighty (80) percent of the required lot area;
4. To permit the same off-street parking facility to qualify as required facilities for two (2) or more uses, provided the substantial use of such facility by each user does not take place at approximately the same hours of the same days of the week;
5. To reduce the applicable off-street parking by not more than one parking space or twenty (20) percent of the number of spaces required, whichever number is greater; and
6. To increase by not more than twenty-five (25) percent the maximum distance that required parking spaces may be located from the use served.

Exceptionally unique circumstances, as determined by the Planning & Zoning Committee upon the recommendation of the Zoning Administrator, that would involve instances other than or more extreme than allowed above, may be considered as a variation from the regulations of this Ordinance. Exceptionally unique circumstances must be truly unique and not similar, generally to other circumstances that currently

After the public hearing has been held, the Board shall make written findings of fact and shall submit same together with a report containing its recommendations of the proposed amendment with the County Clerk for delivery to the County Board. Where the purpose and effect of the proposed amendment is to change the zoning classification of a particular property, the Board shall make finding based upon the evidence presented to it in each specific case with respect to the following matters:

1. That the proposed amendment will allow development that is compatible with existing uses and zoning of nearby property.
2. That the County of Ogle and other service providers will be able to provide adequate public facilities and services to the property (including, but not necessarily limited to,

schools, police and fire protection, roads and highways, water supply and sewage disposal), while maintaining adequate public facilities and levels of service to existing development.

3. That the proposed amendment will not result in significant adverse impacts on other property in the vicinity of the subject site or on the environment, including air, noise, stormwater management, wildlife and natural resources.
4. That the subject property is suitable for the proposed zoning classification.
5. That the proposed zoning classification is consistent with the trend of development, if any, in the general area of the subject property including changes, if any, which have taken place since the day the property in question was placed in its present zoning classification.
6. That the proposed amendment is consistent with the public interest and not solely for the interest of the applicant, giving due consideration to the stated purpose and intent of the Amendatory Zoning Ordinance as set forth in Division 1 therein, the Land Evaluation and Site Assessment (LESA) findings (if applicable), and the recommendation(s) of the Ogle County Regional Planning Commission with respect to the *Ogle County Amendatory Comprehensive Plan*.

In addition to the standards contained herein, the Illinois courts have established additional factors (i.e. “The LaSalle Factors”) that should be given consideration in all amendment (rezoning) cases, as follows:

- The existing uses and zoning of nearby property.
- The extent to which property values are diminished by the particular zoning restrictions.
- The extent to which limitation or destruction of property values of plaintiff promotes the general health, safety and welfare.
- The relative gain to the public as compared to the hardship imposed upon plaintiff.
- The suitability of the particular property for the purpose for which it is now zoned.
- The length of time that the property has been vacant as zoned considered in the context of land development in the area in which the property is located.
- The care with which the community has undertaken to plan its land use development.
- The evidence or lack of evidence of community need for the use proposed by the property owner.

H. Action by the County Board:

1. The County Board may:
  - a. Adopt the proposed amendment in whole or in part, with or without modification or amendment;
  - b. Reject the proposed amendment;
  - c. Recommit the proposed amendment to the Board of Appeals for further study, report and/or public hearings;
  - d. Approve requests to withdraw a hearing without a decision, with the understanding that described properties on amendment hearings will be subject to a one (1) year waiting period before another request for rezoning to the same district shall be applied for.

2. Amendments may be passed at a County Board meeting by a simple majority of the elected County Board members unless any of the provisions of Subsection 3., below, requires a greater majority.
3. Amendments shall not be passed except by a favorable vote of three-fourths (3/4) of all the members of the County Board whenever:
  - a. A written protest against a proposed text amendment is signed by 5% of the landowners of the County and filed with the County Clerk not less than twenty-four (24) hours prior to the scheduled County Board meeting where the decision on said proposed amendment is to be made; or,
  - b. A written objection by the township board of trustees of any township located within the County which has a township plan commission which objects to either a text or map amendment affecting an unincorporated area of the township, is submitted to the County Board, through the County Clerk, within thirty (30) days after the hearing before the Board of Appeals, and not less than twenty-four (24) hours prior to the scheduled County Board meeting where the decision on said proposed amendment is to be made; or,
  - c. A written protest against the proposed map amendment is signed by the owner or owners of at least twenty percent (20%) of the land sought to be rezoned, and a copy of the written protest is served by the protestor or protestors on the applicant for the proposed amendment and a copy upon the applicant's attorney, if any, by certified mail at the address of such applicant and attorney shown in the application for the proposed amendment, proof of which shall be submitted to the County Clerk and the Zoning Administrator not less than twenty-four (24) hours prior to the scheduled County Board meeting where the decision on said proposed amendment is to be made; or,
  - d. A written protest against the proposed map amendment is signed by the owner or owners of land immediately touching, or immediately across a street, alley or public right-of-way from, at least twenty percent (20%) of the perimeter of the land to be rezoned, and a copy of such written protest is served as set forth in paragraph c. above; or,
  - e. A written protest against the proposed amendment is filed with the County Clerk by the corporate authorities of a zoned municipality nearest the affected property and (1) the proposed amendment is a map amendment and the land affected by the proposed map amendment lies within one and one-half (1-1/2) miles of the limits of such municipality and a copy of such written protest is served as set forth in c. above, or (2) the proposed amendment is a text amendment.

9.08 Special Uses:

A. Authorization, Public Hearing, Notice and Report:

Special uses which are listed as such for a particular zoning district may be authorized by the County Board. B. Application for Special Use Permit:

An application for a special use permit shall be filed with the Zoning Administrator upon such form and accompanied by such information as shall be required by the Zoning Administrator and

the Zoning Board of Appeals. The Zoning Administrator shall process such applications in the manner prescribed for amendments by Section 9.07 of this Ordinance, as amended.

C. Standards. (05/20/03)

No special use shall be recommended by the Zoning Board of Appeals unless said Board shall find:

1. That the proposed special use will not be unreasonably detrimental to the value of other property in the neighborhood in which it is to be located or the public health, safety, morals, comfort or general welfare at large.
2. That the location and size of the special use, the nature and intensity of the operation involved in or conducted in connection with it, and the location of the site with respect to streets giving access to it are such that the special use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the applicable zoning district regulations. In determining whether the special use will so dominate the immediate neighborhood, consideration shall be given to:
  - a. The location, nature and height of building, structures, walls and fences on the site; and,
  - b. The nature and extent of proposed landscaping and screening on the proposed site.
3. That off-street parking and loading areas will be provided in accordance with the standards set forth in these regulations.
4. That adequate utilities, ingress/egress to the site, access roads, drainage and other such necessary facilities have been or will be provided.
5. That the proposed use can be operated in a manner that is not detrimental to the permitted developments and uses in the zoning district; can be developed and operated in a manner that is visually compatible with the permitted uses in the surrounding area; and is deemed essential or desirable to preserve and promote the public health, safety and general welfare of Ogle County.
6. That the proposed special use complies with all provisions of the applicable district regulations.

In presenting any application for a Special Use Permit, the burden of proof shall rest with the applicant to clearly establish that the proposed special use shall meet the above standards.

D. Conditions: (05/20/03)

The Zoning Board of Appeals may recommend and the County Board may provide such conditions or restrictions upon the construction, location and operation of a special use, but not limited to provisions for the protection of adjacent property, the expiration of said special use after a specified period of time, off-street parking and loading, as shall be deemed necessary to secure the general objective of this amended ordinance and to reduce injury to the value of property in the neighborhood. All proposals and representations made by the applicant(s) for a special use and/or said applicant's representative(s) shall automatically become enforceable conditions of the special use permit.

E. Action by the County Board.

The County Board may grant or deny the application for a special use permit in whole or in part, with or without modification, or may recommit the application to the Zoning Board of Appeals for further study, report and/or public hearings.

F. Duration of Special Use Permit.

1. No ordinance granting a special use permit shall be valid for a period longer than one (1) year from the date of such ordinance unless the erection of a building or structure is started or the use is commenced within such a period, unless such time period is extended through appeal to and approval by the Committee. If no appeal is made, or no extension of time is received or granted, the permit shall immediately terminate upon expiration of the one (1) year period. Upon granting of a special use permit, the County Board may stipulate a period longer than one (1) year to commence the authorized use considering the nature of said use.(9/03)

2. Any special use permit granted after the effective date of this Ordinance shall become null and void if the use authorized in the granting of said special use permit is discontinued for a period of twelve (12) months or more.

G. Revocation of Special Use Permit.

Upon a determination of the Zoning Administrator that an approved Special Use Permit will or has become unsuitable and/or incompatible in its location as a result of any nuisance or activity generated by the use, the County Board shall have the authority to revoke the permit after affording the permitter the right to be heard at the next regularly scheduled meeting of the Planning, Assessment & Zoning Committee following notification of pending revocation of said Special Use Permit.

H. Transferability.
