FINDINGS OF FACT AND RECOMMENDATION
OF THE OGLE COUNTY ZONING BOARD OF APPEALS

This is the findings of fact and the recommendation of the Ogle County Zoning Board of Appeals concerning an application of Ronald & Janet Bearrows, 17459 E. Edson Rd., Rockford, IL and Bradley & Laura Gray, 312 Oak St., Box 313, Stillman Valley, IL, in case #11-14AM. The applicants are requesting a map amendment to change the zoning classification of part of Parcel Identification No.12-04-100-003 from AG-1 Agricultural District to R-1 Rural Residence District, a 5.0 acre parcel legally described as the E330' N660' NE 1/4 NW 1/4 Section 4 Monroe Township 42N, R2E of the 3rd P.M., Ogle County, IL, and located in Monroe Township at 17459 E. Edson Road.

After due notice, as required by law, the Zoning Board of Appeals held a public hearing in this case on November 26, 2014 in the County Board Room, 3rd Floor, Ogle County Courthouse, Oregon, Illinois and hereby reports its findings of fact and recommendation(s) as follows:

SITE INFORMATION: See Staff Report (attached herewith).

ANALYSIS OF SIX STANDARDS: After considering all the evidence and testimony presented at the public hearing, this Board makes the following analysis of the six standards listed in Section 9.07(G) (Standards for Map Amendments) of the Ogle County Amendatory Zoning Ordinance that must all be found in the affirmative prior to recommending granting of the petition.

1. That the proposed amendment will allow development that is compatible with existing uses and zoning of nearby property. Use of the site for rural residential use is compatible with the existing uses and zoning of nearby property, as residential use of the site will not adversely affect surrounding agricultural operations and there are several existing non-farm dwellings in the immediate vicinity (two non-farm dwellings within 1/4 mile of the site, and seven non-farm dwellings within ½ mile of the site). Standard met.

2. That the County of Ogle and other service providers will be able to provide adequate public facilities and services to the property (including, but not necessarily limited to, schools, police and fire protection, roads and highways, water supply and sewage disposal), while maintaining adequate public facilities and levels of service to existing development. Development of the site for a single dwelling will not create a burden on the County of Ogle and other public service providers due to its location on a seal coat surface road, relative proximity to public service providers, and the low density of development that will be generated on the site. Standard met.

3. That the proposed amendment will not result in significant adverse impacts on other property in the vicinity of the subject site or on the environment, including air, noise, stormwater management, wildlife and natural resources. Little or no adverse impacts on other property in the vicinity of the subject site or on the environment, including air, noise, stormwater management, wildlife and natural resources are anticipated from the development of the site. Standard met.
4. That the subject property is suitable for the proposed zoning classification. The site is suitable for the R-1 zoning district, as it is located in an area that contains several scattered non-farm residential uses within ½ mile of the site, is adjacent to an existing non-farm residential parcel (in Winnebago County), and is located on a seal coat surfaced Township road. Standard met.

5. That the proposed zoning classification is consistent with the trend of development, if any, in the general area of the subject property including changes, if any, which have taken place since the day the property in question was placed in its present zoning classification. There is a trend of development in the vicinity of scattered non-farm residential uses. The proposed zoning classification of R-1 Rural Residence District is consistent with this trend. Standard met.

6. That the proposed amendment is consistent with the public interest and not solely for the interest of the applicant, giving due consideration to the stated purpose and intent of the Amendatory Zoning Ordinance as set forth in Division 1 therein, the Land Evaluation and Site Assessment (LESA) findings (if applicable), and the recommendation(s) of the Ogle County Regional Planning Commission with respect to the Ogle County Amendatory Comprehensive Plan. The proposed amendment is consistent with the public interest, and is consistent with the purpose and intent of the Amendatory Zoning Ordinance, even though the LESA score indicates a high rating for protection. The Zoning Board of Appeals has given due consideration that the Regional Planning Commission has recommended approval. Standard met.

RECOMMENDATION: We find that the proposed map amendment requested meets all the standards for recommending granting as found in Section 9.07(G) of the Ogle County Amendatory Zoning Ordinance and that such request is in the public interest. Therefore, the Zoning Board of Appeals hereby recommends that the zoning district classification of the property described above be changed from AG-1 Agricultural District to R-1 Rural Residence District.

ROLL CALL VOTE: The roll call vote was 5 members for the motion to recommend granting, 0 opposed.

Respectfully submitted this 25th day of November 2014 by the Ogle County Zoning Board of Appeals.
