OF THE ZONING BOARD OF APPEALS
FINDINGS OF FACT AND RECOMMENDATION
OF THE OGLE COUNTY ZONING BOARD OF APPEALS

This is the findings of fact and the recommendation of the Ogle County Zoning Board of Appeals concerning an application of Steve R. Hammer, 712 Scott St., Oregon, IL and Blackhawk Area Council, Boy Scouts of America, 2820 McFarland Rd., Rockford, IL, in case #3-13SU. The applicants are requesting a Special Use Permit in the AG-1 Agricultural District to allow an ATV training course accessory to BSA Camp Lowden activities and programming on part of Parcel Identification No. 16-28-300-003, a 1.1 acre parcel which is part of Section 28, Township 23N, Range 10E of the 4th Principal Meridian and is located in Oregon-Nashua Township in the 4700 Block of S. Scout Road.

After due notice as required by law, the Zoning Board of Appeals held a public hearing in this case on May 29, 2014 in the County Board Room, 3rd Floor, Ogle County Courthouse, Oregon, Illinois and hereby report their findings of fact and their recommendation as follows:

SITE INFORMATION: See Staff Report (attached herewith).

ANALYSIS OF SIX STANDARDS: After considering all the evidence and testimony presented at the public hearing, this Board makes the following analysis of the six standards listed in Section 9.08© (Standards for Special Use Permits) of the Ogle County Amendatory Zoning Ordinance that must all be found in the affirmative prior to recommending granting of the petition.

1. That the proposed special use will not be unreasonably detrimental to the value of other property in the neighborhood in which it is to be located or the public health, safety, morals, comfort or general welfare at large. **The proposed special use will not be unreasonably detrimental to the value of other property in the neighborhood in which it is to be located or the public health, safety, morals, comfort or general welfare at large due to the nature of the use (being an ATV training course), the location of the proposed use in the corner of the farm, and the distance from residential uses (the closest dwelling being approximately 900' south of the proposed use). STANDARD MET.**

2. That the location and size of the special use, the nature and intensity of the operation involved in or conducted in connection with it, and the location of the site with respect to streets giving access to it are such that the special use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the applicable zoning district regulations. In determining whether the special use will so dominate the immediate neighborhood, consideration shall be given to:
a. The location, nature and height of building, structures, walls and fences on the site; and,
b. The nature and extent of proposed landscaping and screening on the proposed site.

The proposed special use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the AG-1 zoning district regulations, as the site is in the corner of the farm in close proximity to the existing Camp Lowden, and will not disrupt the agricultural use of the remainder of the farm or on adjacent land. STANDARD MET.

3. That off-street parking and loading areas will be provided in accordance with the standards set forth in these regulations. **The site is large enough so that adequate off-street parking and loading areas can be provided, although the proposed use will not generate a demand for off-street parking and loading areas.** STANDARD MET.

4. That adequate utilities, ingress/egress to the site, access roads, drainage and other such necessary facilities have been or will be provided. **Adequate utilities, ingress/egress to the site from S. Scout Road, access roads, drainage and other such necessary facilities have been or will be provided.** STANDARD MET.

5. That the proposed use can be operated in a manner that is not detrimental to the permitted developments and uses in the zoning district; can be developed and operated in a manner that is visually compatible with the permitted uses in the surrounding area; and is deemed essential or desirable to preserve and promote the public health, safety and general welfare of Ogle County. **The proposed use can be operated in a manner that is not detrimental to the permitted developments and uses in the AG-1 zoning district, as no permanent facilities or change to the land will occur, and the proposed use is not full-time but a component of the Camp Lowden programming and activities. The proposed use will be visually compatible with the area, as it is in a corner of a farm and no permanent facilities are to be constructed. The proposed use is deemed essential and desirable, as safe usage of ATVs is an important issue that serves to preserve and promote the public health, safety and general welfare of Ogle County.** STANDARD MET.

6. That the proposed special use complies with all provisions of the applicable district regulations. **The proposed special use appears to comply with all provisions of the AG-1 district regulations.** STANDARD MET.

RECOMMENDATION: After considering all the evidence and testimony presented, this Board finds that the application meets all the standards as found in Section 9.08© of the Ogle County Amendatory Zoning Ordinance.

Therefore, the Zoning Board of Appeals hereby recommends that a Special Use Permit in the AG-1 Agricultural District be granted to allow an ATV training course accessory to BSA Camp Lowden activities and programming subject to the following required conditions:
1. Only manufacturer stock ATVs shall be utilized, with no modifications that would increase sound levels.
2. No parking along or within the right-of-way of Scout Road shall be permitted.
3. No parking shall be allowed east of Scout Road. Any and all parking shall be within Camp Lowden.
4. Dust control measures shall be employed.
5. A safety barrier shall be installed (such as hay/straw bales or a fence) along the right-of-way of Scout Road along the entire length of the training course.
6. Any ATV brought from off-site shall be trailered to and off-loaded at Camp Lowden.
7. Documented accidents, traffic hazards or other public safety concerns will be cause for revocation of this Special Use Permit.

ROLL CALL VOTE: The roll call vote was 5 members for the motion to recommend granting, 0 opposed.
