OF THE ZONING BOARD OF APPEALS
FINDINGS OF FACT AND RECOMMENDATION OF THE OGLE COUNTY ZONING BOARD OF APPEALS

This is the findings of fact and the recommendation of the Ogle County Zoning Board of Appeals concerning an application of Michael J. & Susan T. Burke, 3381 E. Honey Creek Rd., Chana, IL and Matt & Lynn Kalnins, 3316 E. Honey Creek Rd., Chana, IL, in case #1-14SU. The applicants are requesting a Special Use Permit to permit a single-family dwelling for the daughter of the farm owner in the AG-1 Agricultural District on part of Parcel Identification No. 17-18-400-001, a 1.52 acre parcel which is part of Section 18, Township 23N, Range 11E of the 4th Principal Meridian and is located in Pine Rock Township at 3881 E. Honey Creek Road.

After due notice, as required by law, the Zoning Board of Appeals held a public hearing in this case on February 27, 2014 in the County Board Room, 3rd Floor, Ogle County Courthouse, Oregon, Illinois and hereby report their findings of fact and their recommendation as follows:

SITE INFORMATION: See Staff Report (attached herewith).

ANALYSIS OF SIX STANDARDS: After considering all the evidence and testimony presented at the public hearing, this Board makes the following analysis of the six standards listed in Section 9.08© (Standards for Special Use Permits) of the Ogle County Amendatory Zoning Ordinance that must all be found in the affirmative prior to recommending granting of the petition.

1. That the proposed special use will not be unreasonably detrimental to the value of other property in the neighborhood in which it is to be located or the public health, safety, morals, comfort or general welfare at large. The proposed special use will not be unreasonably detrimental to the value of other property in the neighborhood in which it is to be located or the public health, safety, morals, comfort or general welfare at large due to the nature of the use (being a dwelling for the daughter of the farm owner), the location of the parcel in the corner of the farm and the proximity of the parcel to the existing farmstead. STANDARD MET.

2. That the location and size of the special use, the nature and intensity of the operation involved in or conducted in connection with it, and the location of the site with respect to streets giving access to it are such that the special use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the applicable zoning district regulations. In determining whether the special use will so dominate the immediate neighborhood, consideration shall be given to:

   a. The location, nature and height of building, structures, walls and fences on the site; and,

   b. The nature and extent of proposed landscaping and screening on the proposed site.

The proposed special use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the AG-1 zoning district regulations, as the site is in the corner of the farm in close proximity to the existing farmstead, and will not disrupt the agricultural use of the remainder of the farm or on adjacent land. STANDARD MET.
3. That off-street parking and loading areas will be provided in accordance with the standards set forth in these regulations. The site is large enough so that adequate off-street parking and loading areas can be provided. STANDARD MET.

4. That adequate utilities, ingress/egress to the site, access roads, drainage and other such necessary facilities have been or will be provided. Adequate utilities, ingress/egress to the site from E. Honey Creek Road, access roads, drainage and other such necessary facilities have been or will be provided. STANDARD MET.

5. That the proposed use can be operated in a manner that is not detrimental to the permitted developments and uses in the zoning district; can be developed and operated in a manner that is visually compatible with the permitted uses in the surrounding area; and is deemed essential or desirable to preserve and promote the public health, safety and general welfare of Ogle County. The proposed use of a single-family dwelling can be operated in a manner that is not detrimental to the permitted developments and uses in the AG-1 zoning district, will be visually compatible with the area, and is deemed essential and desirable. STANDARD MET.

6. That the proposed special use complies with all provisions of the applicable district regulations. The proposed special use appears to comply with all provisions of the AG-1 district regulations. STANDARD MET.

RECOMMENDATION: After considering all the evidence and testimony presented, this Board finds that the application meets all the standards as found in Section 9.08(C) of the Ogle County Amendatory Zoning Ordinance.

Therefore, the Zoning Board of Appeals hereby recommends that a Special Use Permit be granted to allow a single-family dwelling for the daughter of the farm owner in the AG-1 Agricultural District.

ROLL CALL VOTE: The roll call vote was 5 members for the motion to recommend granting, 0 opposed.

The Ogle County Board, at their regular meeting held on Tuesday, March 19, 2014, Colson presents the petition of David A. & Lisa A. Shaw, 6021 C.L. Meyers Dr., Byron, IL for an Amendment to the Zoning District to rezone from AG-1 Agricultural District to R-1 Rural Residential District on property described as follows and owned by the petitioners: Part of the NE1/4 of the SE1/4 of Section 26 Byron Township 25N, R10E of the 4th P.M., Ogle County, IL, 5.18 acres, more or less. P.I.N.: Part of 04-26-400-010 - Common Location: 8300 Block of N. Mill Rd. Colson moves to approve O-2014-0302, Janes seconds.

Meyers states in the Zoning Board of Appeals minutes there was a question in regards to why the Byron Township Planning Commission denied the request. The reason is in the Byron Township Plan on page 7 Item D it states Farmland should remain farmland and that is why it was turned down.

Chairman Gouker asks if this is a simple majority vote. Colson states yes it is. County Clerk Huntley states Byron Township did not file an objection in the County Clerk’s Office. Meyers asks for clarification. County Clerk Huntley states if a district has an objection there is a process to follow in regards to zoning changes; nothing has been filed in the County Clerk’s Office.

A roll call vote is called:

FINDINGS OF FACT AND RECOMMENDATION
OF THE ZONING BOARD OF APPEALS
FINDINGS OF FACT AND RECOMMENDATION
OF THE OGLE COUNTY ZONING BOARD OF APPEALS

This is the findings of fact and the recommendation of the Ogle County Zoning Board of Appeals concerning an application of David A. & Lisa A. Shaw, 6021 C.L. Meyers Dr., Byron, IL, in case #01-14AM. The applicants are requesting a map amendment to change the zoning classification of Parcel Identification No. 04-26-400-010, a 5.18 acre parcel, from AG-1 Agricultural District to R-1 Rural Residence District. Said parcel is part of Section 26, Township 25N, Range 10E of the 4th Principal Meridian and is located in Byron Township in the 8300 Block of N. Mill Road.

After due notice, as required by law, the Zoning Board of Appeals held a public hearing in this case on February 27, 2014 in the County Board Room, 3rd Floor, Ogle County Courthouse, Oregon, Illinois and hereby report their findings of fact and their recommendation as follows:

SITE INFORMATION: See Staff Report (attached herewith).

ANALYSIS OF SIX STANDARDS: After considering all the evidence and testimony presented at the public hearing, this Board makes the following analysis of the six standards listed in Section 9.07(G) (Standards for Map Amendments) of the Ogle County Amendatory Zoning Ordinance that must all be found in the affirmative prior to recommending granting of the petition.

1. That the proposed amendment will allow development that is compatible with existing uses and zoning of nearby property. Use of the site for residential use is compatible with the existing uses and zoning of nearby property, as residential use of the site will not adversely affect surrounding agricultural operations, there are four non-farm dwellings within 1/4 mile of the site and ten non-farm dwellings within 1/2 mile of the site, and the site is within 1/2 mile of the corporate limits of the City of Byron. **Standard met.**

2. That the County of Ogle and other service providers will be able to provide adequate public facilities and services to the property (including, but not necessarily limited to, schools, police and fire protection, roads and highways, water supply and sewage disposal), while maintaining adequate public facilities and levels of service to existing development. The development of the site for large-lot residential use will not create a burden on the County of Ogle and other public service providers due to its location on a seal coat surface road, relative proximity to public service providers, and the low density of development that will be generated on the site. **Standard met.**

3. That the proposed amendment will not result in significant adverse impacts on other property in the vicinity of the subject site or on the environment, including air, noise, stormwater management, wildlife and natural resources. **Little or no adverse impacts on other property in the vicinity of the subject site or on the environment, including air, noise, stormwater management, wildlife and natural resources are anticipated from the development of the site. Standard met.**
4. That the subject property is suitable for the proposed zoning classification. The site is suitable for the R-1 zoning district, as it is located in a rural agricultural area that contains several scattered non-farm residential uses, is adjacent to an existing non-farm residential parcel, is located on a seal coat surfaced Township road, is within ½ mile of the City of Byron, and has a low LESA score. Standard met.

5. That the proposed zoning classification is consistent with the trend of development, if any, in the general area of the subject property including changes, if any, which have taken place since the day the property in question was placed in its present zoning classification. There is a trend of development in the vicinity of large-lot residential uses. The proposed zoning classification of R-1 Rural Residence District is consistent with this trend. Standard met.

6. That the proposed amendment is consistent with the public interest and not solely for the interest of the applicant, giving due consideration to the stated purpose and intent of the Amending Ordinance as set forth in Division I therein, the Land Evaluation and Site Assessment (LESA) findings (if applicable), and the recommendation(s) of the Ogle County Regional Planning Commission with respect to the Ogle County Amendmentary Comprehensive Plan. The proposed amendment is consistent with the public interest and not solely for the interest of the applicant as the LESA score indicates a low rating for protection, and the proposed amendment is consistent with the purpose and intent of the Amending Zoning Ordinance. The Zoning Board of Appeals has given due consideration that the Regional Planning Commission has recommended approval. Standard met.

RECOMMENDATION: We find that the proposed map amendment requested meets all the standards for recommending granting as found in Section 9.07(G) of the Ogle County Amending Zoning Ordinance and that such request is in the public interest. Therefore, the Zoning Board of Appeals hereby recommends that the zoning district classification of the property described above be changed from AG-1 Agricultural District to R-1 Rural Residence District.

ROLL CALL VOTE: The roll call vote was 5 members for the motion to recommend granting, 0 opposed.

Respectfully submitted this 27th day of February 2014 by the Ogle County Zoning Board of Appeals.
