FINDINGS OF FACT AND RECOMMENDATION
OF THE ZONING BOARD OF APPEALS
FINDINGS OF FACT AND RECOMMENDATION
OF THE OGLE COUNTY ZONING BOARD OF APPEALS

This is the findings of fact and the recommendation of the Ogle County Zoning Board of Appeals concerning an application of Randall L. & Diane J. Monson, 9650 Grismill Rd., Rochelle, IL; Jeff Monson, 304 N. Linn St., Kings, IL; and Richard & Joanne Lechner, 11581 E. Kyte Rd., Rochelle, IL in case #02-16AM. The applicants are requesting a Map Amendment to change the zoning classification from B-1 Business District to R-2 Single Family Residence District on Parcel Identification Nos. 18-27-126-002, 18-27-126-003, 18-27-126-004 and 18-27-126-005, parcels legally described as Lots 1-7 Block 4 and a strip 20 feet wide easterly adjacent to Lot 1 Block 4 in the original Village of Kings, located in part of the E 1/4 NW 1/4 Section 27 White Rock Township 41N, R1E of the 3rd P.M., Ogle County, Illinois, and located in White Rock Township at 316 Linn Street, 304 Linn Street and 508 3rd Street.

After due notice, as required by law, the Zoning Board of Appeals held a public hearing in this case on July 28, 2016 in the County Board Room, 3rd Floor, Ogle County Courthouse, Oregon, Illinois and hereby reports its findings of fact and recommendation(s) as follows:

SITE INFORMATION: See Staff Report (attached herewith).

ANALYSIS OF SIX STANDARDS: After considering all the evidence and testimony presented at the public hearing, this Board makes the following analysis of the six standards listed in Section 16-9-7G (Report by Zoning Board of Appeals) of the Ogle County Amenityary Zoning Ordinance that must all be found in the affirmative prior to recommending granting of the petition.

1. That the proposed amendment will allow development that is compatible with existing uses and zoning of nearby property. Rezoning of the site to R-2 to allow continued residential use of the site is compatible with the existing uses and zoning of nearby property, as the site is currently in residential use and is adjoined by residential uses to the south. **Standard met.**

2. That the County of Ogle and other service providers will be able to provide adequate public facilities and services to the property (including, but not necessarily limited to, schools, police and fire protection, roads and highways, water supply and sewage disposal), while maintaining adequate public facilities and levels of service to existing development. Continued residential use of the site will not create a burden on the County of Ogle and other public service providers, as no change in the intensity of use is proposed. **Standard met.**

3. That the proposed amendment will not result in significant adverse impacts on other property in the vicinity of the subject site or on the environment, including air, noise, stormwater management, wildlife and natural resources. No adverse impacts or impact on the environment will result from the proposed map amendment, as no change in the use of the property will occur. **Standard met.**
4. That the subject property is suitable for the proposed zoning classification. The site is suitable for the R-2 zoning district, as it is currently, and has been used for single-family residential purposes. Standard met.

5. That the proposed zoning classification is consistent with the trend of development, if any, in the general area of the subject property including changes, if any, which have taken place since the day the property in question was placed in its present zoning classification. The trend of development in the general area is of existing and established residential uses. The proposed zoning classification of R-2 Single Family Residence District is consistent with this trend. Standard met.

6. That the proposed amendment is consistent with the public interest and not solely for the interest of the applicant, giving due consideration to the stated purpose and intent of the Amenityary Zoning Ordinance as set forth in Division 1 therein, the Land Evaluation and Site Assessment (LESA) findings (if applicable), and the recommendation(s) of the Ogle County Regional Planning Commission with respect to the Ogle County Amenityary Comprehensive Plan. The proposed amendment is consistent with the public interest and not solely for the interest of the applicant, as it will make an existing and established use consistent with the Zoning Ordinance and surrounding uses; the proposed amendment is also consistent with the purpose and intent of the Amenityary Zoning Ordinance. The Zoning Board of Appeals has given due consideration that the Regional Planning Commission has recommended approval. Standard met.

RECOMMENDATION: We find that the proposed map amendment requested meets all the standards for recommending granting as found in Section 16-9-7G of the Ogle County Amenityary Zoning Ordinance and that such request is in the public interest. Therefore, the Zoning Board of Appeals hereby recommends that the zoning district classification of the property described above be changed from AG-1 Agricultural District to IA Intermediate Agricultural District.

ROLL CALL VOTE: The roll call vote was 5 members for the motion to recommend granting, 0 opposed.

Respectfully submitted this 28th day of July 2016 by the Ogle County Zoning Board of Appeals.
